ANTIDUMPING—RUBBER HOT WATER BOTTLES FROM JAPAN

NOVEMBER 23, 1936.

To Collectors of Customs and Others Concerned:

Reference is made to the several notices of suspected dumping issued by the United States appraiser of merchandise, New York, N. Y., covering importations of rubber hot water bottles from Japan.

After investigation and careful consideration of the evidence presented, I have reached the conclusion that a finding of dumping is not justified with respect to rubber hot water bottles from Japan.

Appraising officers who have been withholding appraisements of rubber hot water bottles from Japan, by virtue of the issuance of notices of suspected dumping, are authorized to make their appraisements without regard to any question of dumping.
